Getting the coronavirus vaccine is the single most important step you can take to protect yourself and loved ones from COVID-19. The New York State Governor's Office announced that CUNY students must be vaccinated for all in-person classes.

All LaGuardia Continuing Education students attending in-person or hybrid classes must submit documentation of full vaccination before the first day of in-person instruction. This includes a 2-week waiting period after your final dose. You will then need to submit proof of vaccination to Cleared4.

Students who have received a booster should also upload that documentation to Cleared4. Students who are not yet eligible for a booster should get one when eligible and upload that documentation to Cleared4.

Thank you for helping to keep our campus safe.

Justine Figueroa

Building confidence with CUNYStart

Justine Figueroa came to CUNY Start, an intensive college preparation program that focuses on reading, writing and math skills as well as success strategies, to get the confidence she needed before delving into her degree studies. "What really helped me was the support of the teachers and staff, and I knew that I wanted to implement

that in my Human Services major," says Justine. "I made sure that I asked questions and followed up with advisors. When I left CUNY Start, I created a plan so that I basically had an idea of what I wanted to achieve for myself."

This foundation helped Justine succeed in college. She made Dean's List every semester and received a Guttman Scholarship to help pay for her studies at a four-year school after graduating from LaGuardia. She also gained the self-confidence to become a Peer Advisor at LaGuardia, which entailed helping fellow students understand program curricula as well as sharing knowledge and resources to assist them in navigating the college.

At Hunter College, Justine completed internships with Meals on Wheels and Visiting Nurse Service of New York, working with individuals with substance abuse issues at the latter. She also conducted empowerment and mentoring workshops for incarcerated youth at Rikers Island before graduating with a Bachelor of Social Work Degree. She plans to continue working to help people through social justice and community organizing, with a particular interest in human rights issues.

Reflecting on her time at LaGuardia, Justine says, "It was a great experience because you had individuals who wanted to help you become your best self, and they would hold you accountable. This was a lesson for me."
