Kenneth Adams
President

Dear Members of our Community,

Begin or continue your own journey towards achieving professional and educational success at LaGuardia Community College. Since LaGuardia first opened in 1971, our mission has been to create educational access and opportunity for all city residents. We are the college of opportunity, the college of hope, and the college of dreams.

Within LaGuardia's Continuing Education, you can learn English, earn a high school equivalency diploma, prepare for college, get job training to start or advance in a career, or grow your business. Everything you need to succeed is here. We offer expert instructors, a supportive environment, a diverse student body, affordable programs, assistance in transitioning to a degree program at LaGuardia, and credit for prior learning for eligible students ([see page 26](#)). We also offer [partial and full scholarships](#) for many of our programs. We are "one college" and we will do what it takes to help you reach your goals.

LaGuardia is here to support you every step of the way. Look through our catalog or visit our web site at www.laguardia.edu/ce to explore all the opportunities we offer. We hope you join us!

Certified Clinical Medical Assistant (CCMA)

The CCMA is an essential member of the medical care team who assists the physician with procedures such as taking vital signs, preparing patients for medical procedures, and performing phlebotomy (blood drawing) and electrocardiography (EKG). To take the national certification exam for Clinical Medical Assistant, you must successfully pass all five courses in this program: Medical Terminology, American Heart Association CPR for Healthcare Providers with First Aid, EKG Technician, Phlebotomy, and CCMA Procedures. You may take the courses in any order, or you may take them individually, except CCMA Procedures. To register for CCMA Procedures you must first successfully complete either EKG Technician or Phlebotomy. LaGuardia's CCMA Program currently has a 98% pass rate for students taking the National Healthcareer Association (NHA) CCMA exam.

Attendance at an orientation session and passing an online reading exam are required before registration for EKG Technician and Phlebotomy and are recommended before beginning the 5-course CCMA series. A high school diploma or equivalency is a prerequisite for NHA certifications and often a requirement for jobs in the field. Program courses not offered this quarter will be offered in a future quarter. To apply, complete the application form at <https://laguardia.edu/ccmaapply>. Full and partial tuition scholarships are available for eligible students, and a separate application process is required. Contact CCMA@lagcc.cuny.edu for more information. ND

Paramedic Original

EMTs, are you ready to take your career to the next level? We will prepare you with the technical skills, expert knowledge and clinical experience necessary to excel as a New York State/New York City certified paramedic. LaGuardia students have excellent pass rates on the NYS Paramedic and NYC Regional Emergency Medical Advisory Committee (REMAC) exams. The program is accredited by the Commission on the Accreditation of Allied Health Education Programs (CAAHEP). This is a comprehensive education and training program that includes lectures provided by expert physicians; certification courses in American Heart Association Basic Cardiac Life Support (BCLS), Advanced Cardiac Life Support (ACLS) and Pediatric Advanced Life Support (PALS); and National Association of Emergency Medical Technicians (NAEMT) Prehospital Trauma Life Support (PHTLS) and Psychological Trauma Prevention for EMS Patients (PTEP) certification courses. You must complete 600 hours of clinical rotations (sites are available in Queens, Manhattan, Bronx and Brooklyn) and you may choose between two tracks: associate degree or certificate program. We offer a \$1,500 tuition credit to members of NYS certified Advanced Life Support (ALS) ambulance agencies. Professional or 911 EMT experience is recommended but not required. To learn more about the Paramedic Program email paramedicprogram@lagcc.cuny.edu.

The Central Service Technician (CST), or Central Sterile Technician, is responsible for decontaminating, sterilizing, assembling, storing and distributing medical devices and equipment needed for patient care, especially during surgery. This 3-course program (comprised Principles of Central Service Technician; Cleaning and Decontaminating Surgical Instruments; and Quality Control, Inventory, Equipment and Human Relations) focuses on requirements of the Healthcare Sterile Processing Association (HSPA) and prepares you to take the Certified Registered Central Service Technician (CRCST) certification exam. All courses include developing effective communication, team building, time management and critical thinking skills. Successful completion of all 3 courses allows you to sit for the CST certification exam and earns you a certificate of completion from LaGuardia. You are responsible for completing a 400-hour internship as part of the CRCST certification process. You may also qualify for an additional internship or job placement assistance. Courses must be taken in order. Certificate program courses not offered this quarter will be offered in a future quarter. (Cost of textbook not included in course fee.) ND

Mauricio Morales

*Education and training
translate into a bright future*

Mauricio Morales was working as a translator and assistant in a pain management clinic in Flushing when he decided to enroll in LaGuardia's Medical Interpreter Certificate Program to expand his knowledge in the healthcare field. Soon after completing the course, he was hired by an interpretation company for a work-at-home position. Mauricio continues to learn about interpreting through his own research as well as courses offered by his current employer. He hopes to become nationally certified and explore other opportunities in interpreting and beyond.

"Though challenging, it was a great experience to meet individuals from different walks of life and be able to come together to learn about this field," says Mauricio. "The class structure was designed very well, and the instructor explained everything thoroughly."

Cleaning and Decontaminating Surgical Instruments

Examine simple and complex surgical instruments. Discuss the use of cleaning agents and tools, and study methods to clean, decontaminate, assemble and disassemble instruments. You will also review low/high temperature sterilization as well as various packaging techniques. This course includes practical lab instruction and supplies. Shannen Lopez

Tuition-free Medical Billing Program changed her life

Shannen Lopez came to the United States from the Philippines in 2017. After working in a call center for several years, she applied to LaGuardia's Medical Billing Specialist Program, a tuition-free training program that prepares students for positions with large healthcare providers and guarantees a job interview with the employer partner upon graduation. Students can also earn nine college credits towards a Business Administration/Healthcare Management major at LaGuardia.

Though Shannen was not a native English speaker, she worked hard in class and, with the help of the instructors, successfully completed the program. Shannen is now employed as a Revenue Cycle Representative at Weill Cornell Medicine. In her recent performance evaluation, her rating indicated that she exceeded management's expectations. Her supervisor has encouraged her to apply for a higher position, which she plans to do. She also hopes to continue her education and training with LaGuardia's Medical Coding Certificate Program in order to further her knowledge and certifications.

"The program instructors and staff are very professional. Everyone wants us to be successful. Without their patience and guidance, we wouldn't be able to get the job," says Shannen. "The confidence I gained during this program has helped me a lot."

Student Conduct Code

Academic dishonesty and disciplinary misconduct is prohibited in the City University of New York and is punishable by penalties ranging from a grade of "F" on a given test, research paper or assignment, to an "F" in the course, or suspension or expulsion from the College. Academic dishonesty includes cheating, plagiarism, Internet plagiarism, obtaining unfair advantage, falsification of records and official documents, and misconduct on internships.

Because academic dishonesty violates everyone who depends on the integrity of the College, its degrees, certificates and courses, the College has the responsibility of making every effort to maintain the highest standard of academic integrity and conduct. All Adult and Continuing Education (ACE) students are bound by the same academic integrity and disciplinary rules of conduct explained in the [LaGuardia Community College Student Handbook](#).

Grievances and decisions are handled by ACE's Vice President and Deans.
